

Constitution of Cider Australia Incorporated

This constitution of Cider Australia Incorporated forms the structure within which the association operates.

It is made under the *Associations Incorporation Act 2009* (NSW).

It is adapted from the model constitution prepared by NSW Fair Trading (© State of New South Wales through NSW Fair Trading)

This constitution was originally submitted to NSW Fair Trading at the time of application for incorporation on 2 July 2012. This version incorporates amendments agreed by Special Resolution at the Annual General Meetings of Cider Australia held on 14 May 2015 and 3 June 2019.

Cider Australia Incorporated – Aims and Objectives

The aim of the Association is to build a sustainable cider category through maintaining and improving the quality of ciders produced and marketed in Australia.

The objects of the Association are:

- (a) to represent the interests of Australian cider makers on national and international issues affecting the cider industry through a single organisation
- (b) to encourage professional and technical development, information sharing and benchmarking within the cider industry in Australia
- (c) to actively promote the cider industry and create marketing opportunities and strategies to assist producers to grow their businesses
- (d) to provide a central point of contact for the cider industry and foster intra-industry discussion and action
- (e) to facilitate policy development and present the common views of the industry to government and other bodies
- (f) to educate consumers about cider and perry production and responsible consumption
- (g) to provide relevant information to Members

Broadly the following applies:

Cider is a drink produced by the fermentation of apple juice.

Perry is a drink produced by the fermentation of pear juice. Perry is often by common usage known as “pear cider”.

Cider Australia will develop the concept of “real” cider by raising awareness of what cider *is not*, and what additives should and should not be permitted in cider and perry production
